

Groundcovers/Perennials

Common Name

Agave, blue glow
Agave, cow horn
Agave, tentacles
aralia, Japanese
aster, China
banana, absynnian
beechgrass
blackeyed susan
blanket flower
*blanket flower, goblin
blood grass, Japanese
Carex, variegated
*cast iron plant
century plant, gypsum
**Chrysanthemum* species
columbine
Coreopsis, moonbeam
*daisy, shasta
daisy, trailing African
daylily

Dianthus, cheddar pink 'firewitch'

**Dianthus*, cheddar pink 'crimson treasure'
**Dianthus*, cottage pink
*dracaena, blue
*eulalia grass
fern, *Asparagus*
*fern, autumn
fescue, blue
flax, New Zealand 'Jack Spratt'
*fountain grass
*fountain grass, chrimson
**Galium*
gay feather, floristan violet
Gazania
geranium
**Helichrysum*, white licorice

*heliotrope, common
honeysuckle, Japanese
Hosta, albo-marginata
**Hosta*, zebelli red
*ice plant

*ice plant, hardy
ice plant, largeleaf
*ice plant, trailing
ice plant, trailing rosea
ice plant, white
Iris
**Iris*, African
**Iris*, dwarf blue
**Iris*, wedgewood
Iris, yellow dwarf bearded
*ivy, Algerian
ivy, English
*jasmine, angelwing
jasmine, Asian
*jasmine, pink
*lily, fortnight
*lily, kafir
lily of the Nile

*lily of the Nile, queen anne
*lily turf, big blue
*lily turf, giant
lily turf, green/creeping
lily turf, lilac beauty
lily turf, majestic
lily turf, monroe white
*lily turf, silver dragon
lily turf, silvery sunproof
lily turf, variegated liriop
*lily turf, white
maiden grass
*manuka/broom teatree
*Mexican hat
mondo grass
mondo grass, dwarf
pampas grass
pampasgrass, hardy
**Penstemon*, apple blossom
periwinkle, dwarf

Scientific Name

Agave attenuate x *Agave ocahui*
Agave bovicornuta
Agave vilmoriniana
Fatsyhedra japonica
Callistepheus chinensis
Ensete ventricosum
Ammophila breviligulata
Rudbeckia fulgida
Gaillardia x *grandiflora*
Gaillardia x *grandiflora* 'Goblin'
Imperata cylindrical 'Rubra'
Carex spp.
Aspidistra elatior
Agave gypsophila
Chrysanthemum spp.
Aquilegia x 'Dragon fly'
Coreopsis verticillata 'Moonbeam'
Chrysanthemum maximum
Osteospermum fruticosum
Hemerocallis spp.
Dianthus gratianopolitanus
'Firewitch'
Dianthus gratianopolitanus
'Treasure'
Dianthus plumaris
Cordylone indiyisa
Miscanthus sinensis
Asparagus spp.
Dryopteris erythrosora
Festuca ovina glauca
Phormium tenax 'Jack Spratt'
Pennisetum alopecuroides
Pennisetum setaceum
Galium ordoatum
Liatris spicata 'Floristan Violet'
Gazania spp.
Pelargonium x *hortorum*
Helichrysum petiolare
'White licorice'
Heliotropium fragrans
Lonicera japonica
Hosta lancifolia
Hosta lancifolia
Delosperma cooperi
Drosantheumum hispidum
Delosperma nubigenum
Carpobrotus edulis
Lampranthus spectabilis
Drosantheumum floribundum
Delosperma alba
Iris siberica
Moraea iridioides
Iris spp.
Iris spp.
Iris pumila 'Yellow'
Hedera canariensis
Hedera helix
Jasminum nitidum
Trachelospermum asiaticum
Jasminum polyanthum
Dietes vegeta
Clivia miniata 'French hybrid'
Agapanthus africanus
Agapanthus 'Peter pan'
Agapanthus africanus
Liriope muscari
Liriope gigantea
Liriope spicata
Liriope muscari
Liriope muscari
Liriope muscari
Liriope spicata
Liriope muscari
Liriope muscari
Liriope muscari
Liriope gigantea
Miscanthus sinensis 'Gracillimus'
Leptospermum scoparium
Ratbida columnifera
Ophiopogon japonicus
Ophiopogon japonicus
Cortaderia selloana
Erianthus ravennae
Penstemon x 'Apple blossom'
Vinca minor

Groundcovers/Perennials (Cont.)

Common Name

*plantain lily, narrow leafed
ribbon grass
sage, Russian
society garlic
spurge, Japanese
spurge, Japanese 'Green sheen'

star clusters
**Verbena*, veined
*Virginia creeper
yarrow
*yucca, red

*Not registered for use in California

Scientific Name

Hosta lancifolia
Phalaris arundinacea picta
Perovskia atriplicifolia
Tulbaghia violacea
Pachysandra terminalis
Pachysandra terminalis
'Green sheen'
Pentas lanceolata
Verbena rigida
Parthenocissus quinquefolia
Achillea spp.
Hesperaloe parvifolia

Treatment of Ornamental Species Not Listed on the Label for Crew Herbicide

When applied as directed under the conditions described on this label, ornamentals listed above have shown tolerance in field trials. However, Crew has not been tested on all cultivars of each species or under all possible growing conditions. Under your growing conditions, a limited number of plants should be treated for tolerance evaluations, prior to initiating large-scale applications. Follow directions given below to determine plant tolerance under your growing conditions prior to large scale use.

Users who wish to use Crew on plant species not specified on this label may determine the suitability for use by treating a small number of such plants at the specified rate. Prior to treatment of larger areas, the treated plants should be observed for any sign of herbicidal injury for 30 to 60 days of normal growing conditions to determine if the treatment is safe to the target plant species. The user assumes responsibility for any plant damage or other liability resulting from use of Crew on plant species not recommended on this label.

Do NOT Use this Product for Weed Control in the Following Ornamental Plant Species:

Common Name

bugleweed or ajuja
mustard
purple coneflower
dwarf burning bush
spurge
hydrangea
candytuft
Prince of Wales juniper

cajuput tree
Carolina rhododendron
roseum elegans rhododendron

stonecrop
green yucca

Scientific Name

Ajuja spp.
Brassica spp.
Echinacea purpurea
Euonymus alatus 'Compacta'
Euphorbia spp.
Hydrangea spp.
Iberis spp.
Juniperus horizontalis
'Prince of Wales'
Melaleuca quinquenervia
Rhododendron carolinianum
Rhododendron catawbiense
'Roseum elegans'
Sedum spp.
Yucca recurvifolia

Turfgrass Use

Crew provides season-long control of crabgrass and control or suppression of other listed annual grasses and broadleaf weeds in established lawn and ornamental turfgrass, turfgrass in sports turf, golf course fairways, aprons and roughs, tee boxes, campgrounds, parks, recreation areas, cemeteries and unimproved turfgrass areas. Crew will prevent germination of annual bluegrass (*Poa annua*).

Crew may be applied as a single application or as a split application in the spring, summer or fall. Apply Crew at 150-200 pounds per acre per application prior to weed seed germination or to control crabgrass prior to the 5 leaf stage of growth or first tiller. This product will not control established weeds, except for crabgrass in early stages of development. Used as directed, this product will control or suppress the annual grass and broadleaf weeds listed on this label when applied prior to their emergence. Use the higher specified use rates where weed infestations are or anticipated to be dense and/or applications are made early and longer residual control is desirable. Sequential applications may be used to provide residual weed control in areas with long growing seasons at 5-10 weeks apart.

Use Precautions for Turf

- For best results, cultural practices that disturb the soil, such as core, spike, hydro-aerification, or verticutting, and topdressing should be done before application of Crew. Crew should not be applied until turfgrasses have recovered from stresses related to these or other mechanical operations. Irrigation or rainfall within 7 days after application will improve the performance of Crew.
- Reseeding or Sprigging:** Reseeding, overseeding, or sprigging of turfgrasses into areas that have been previously treated with this
